

June 29, 2010

Dear Donor,

Please accept our whole hearted thanks for your support of Café AZ's and the YWCA of Wenatchee Valley. Together, we have accomplished great things! The Café is in its second month of operation and continues to steadily grow its clientele base and train community individuals. Enclosed with this letter are lunch coupons for you and your staff. Please use them as an excuse to enjoy a great lunch and an opportunity to see your dedication and good deeds at work!

As you well know, the mission of Café AZ's is to provide skill-building opportunities for low income and homeless individuals in the community. Through our varied and extensive training program, our goal is to provide these individuals with the start they need to become successfully employed in the community. Not only do we intend for the Café to be self-sustaining, but we also plan for it to fund other YWCA programming initiatives as well as to benefit the local business community by providing a steady influx of skilled work. Truly, this program gives back on multiple levels.

It was because of the contribution of your organization that this dream has become a reality. Again and again we were reminded of the generosity of those in the community who were willing to donate not only financial support, but also time, labor and materials. As a result, the YWCA only spent about \$4,000 out of pocket for a project cost that was estimated at over \$100,000. With your help we made this remarkable accomplishment which is now growing, striving and serving in our community.

Though our beginnings were humble, our aspirations are great! In our first year of operation, the Café hopes to train 50 individuals in various aspects of the restaurant industry. To date, we have already served 15—setting us well on our way! We also hope to build a recurring clientele base both as Café AZ's "regulars" and also as repeat catering or special event clients. Please consider offering us your continuing support by booking business or board meetings at Café AZ's!

Again, we thank you so much for your meaningful contribution to the YWCA and Café AZ's. We hope to see you soon!

Sincerely,

Jenny Pratt
